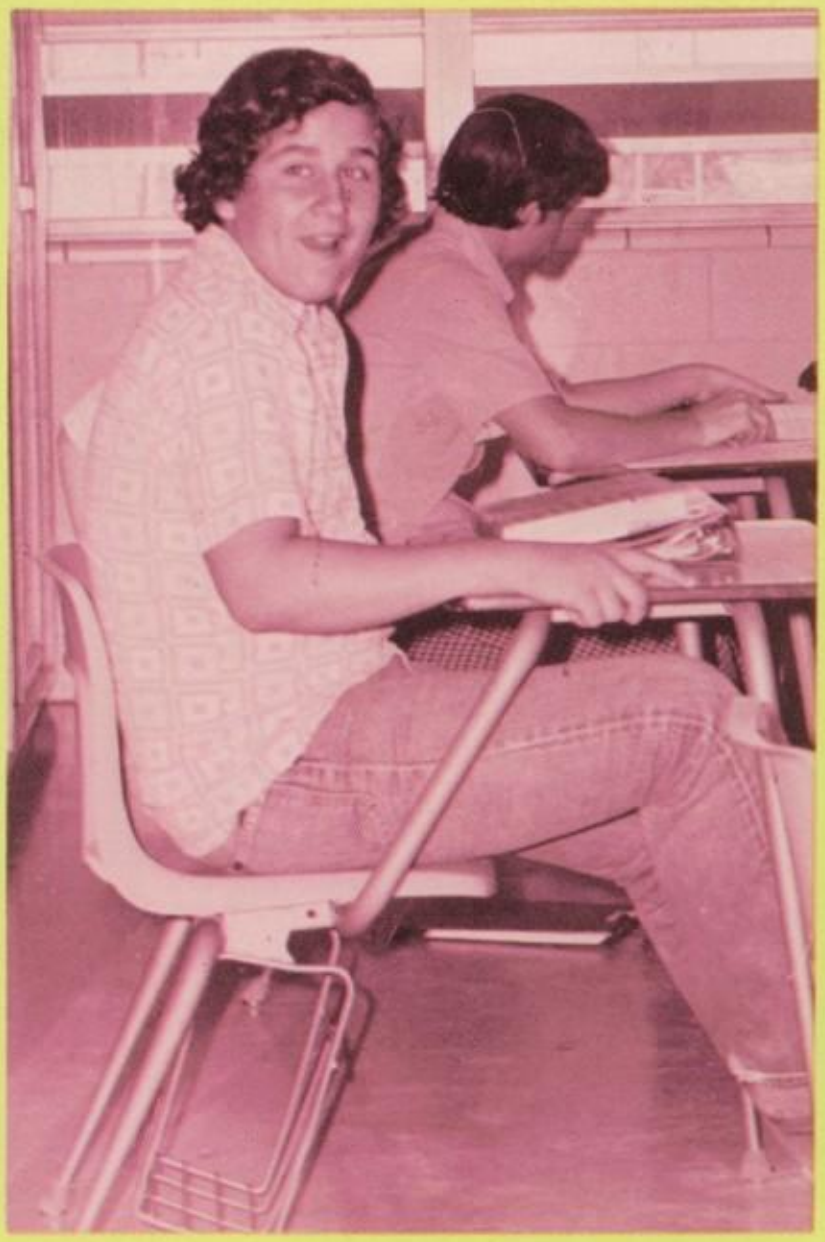
Dedicated to you, Mrs. Charn

As students look back on their high school years, they not only remember the friends, but also some of the important teachers will always remember Mrs. Violet Charn.

Mrs. Charn has had many things dedicated to her this year which shows that the students appreciate her interest in them and TMHS as a whole. She was named "Super Fan" by the football team and to add to this honor we, the 1975 Warbonnet Staff, dedicate this, the 1975 Warbonnet to you. Mrs. Violet Charn has spread her happiness and spirit throughout the school everywhere she goes. She seems to take some of the drudgery out of opening your books each day and studying, which is an accomplishment each teacher would like to achieve.

STUDENT LIFE

Smiles. This is one of the many expressions we use to show our feelings towards others. A smile can change anyone's dull days into "Happy Days."



Participation is a way to find "Happy Days." Students participate in many ways. Crowding the stands and giving support to the athletic team is one way to participate in building school spirit.

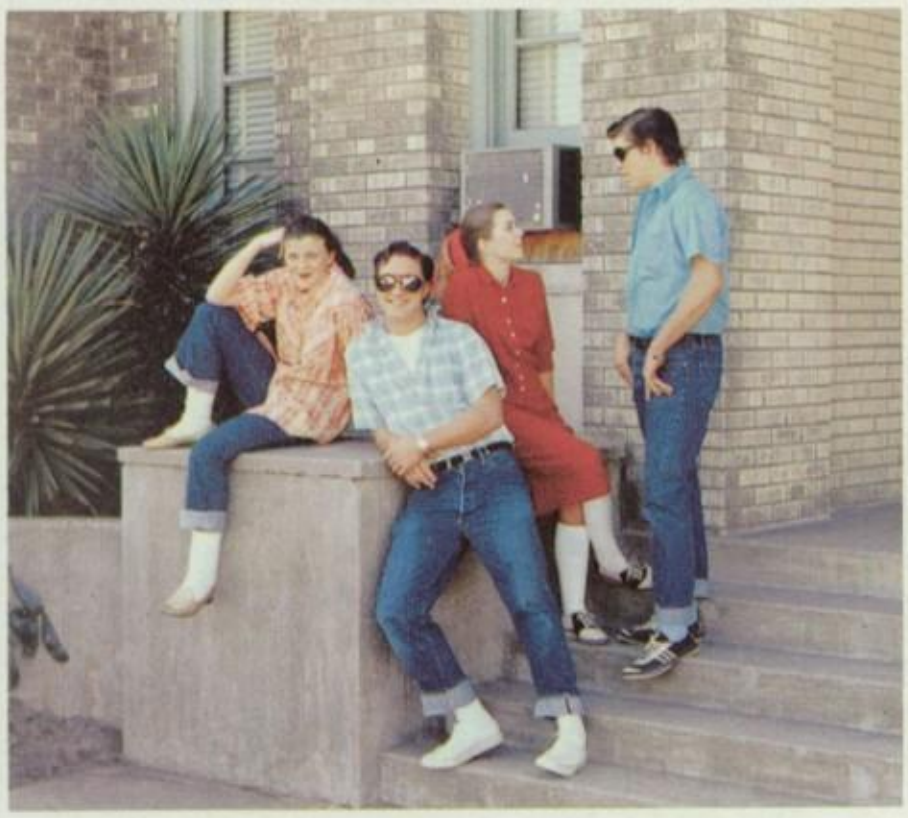
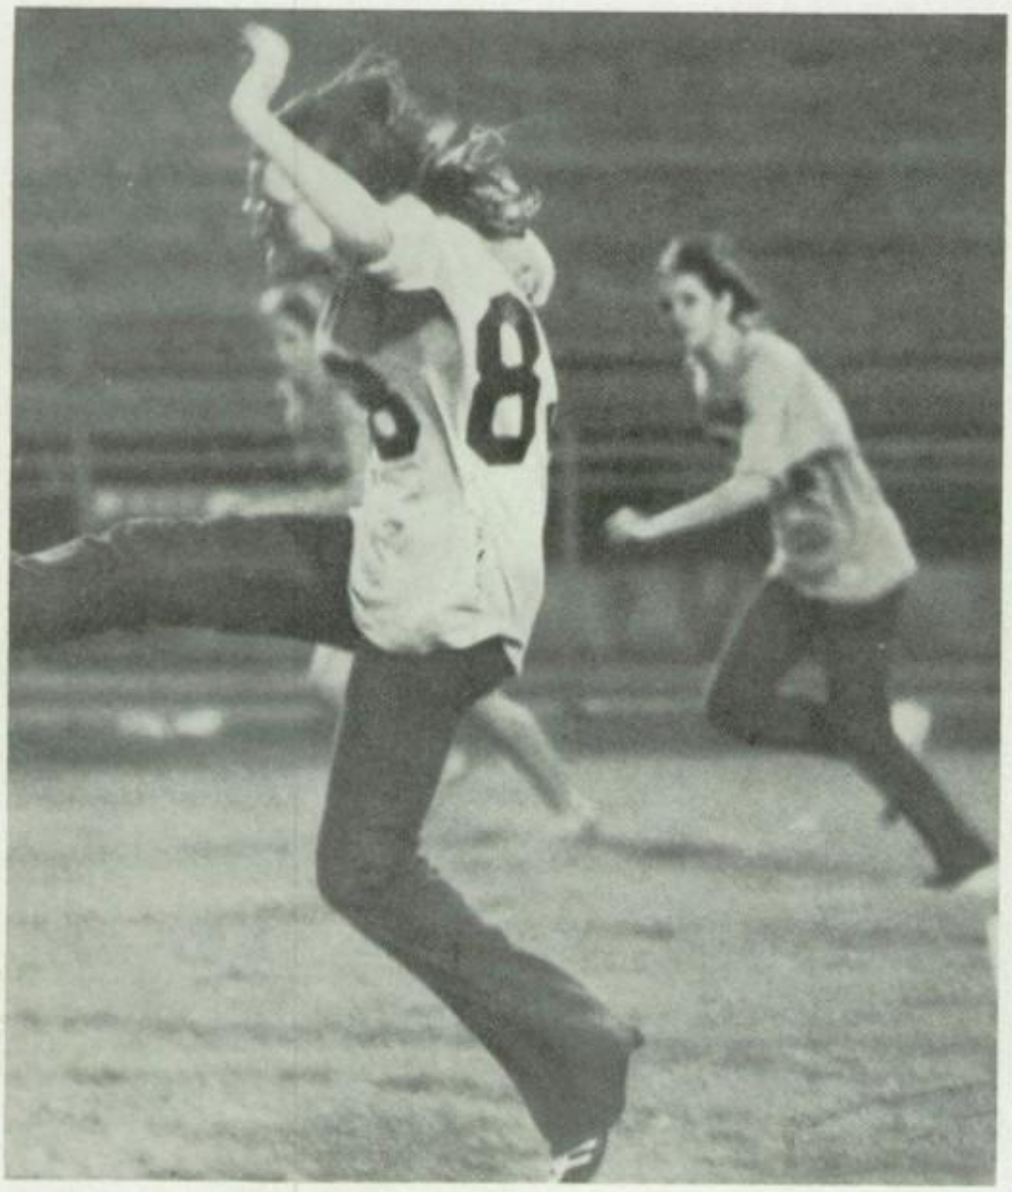
TULOSO-MIDWAY SCHOOL

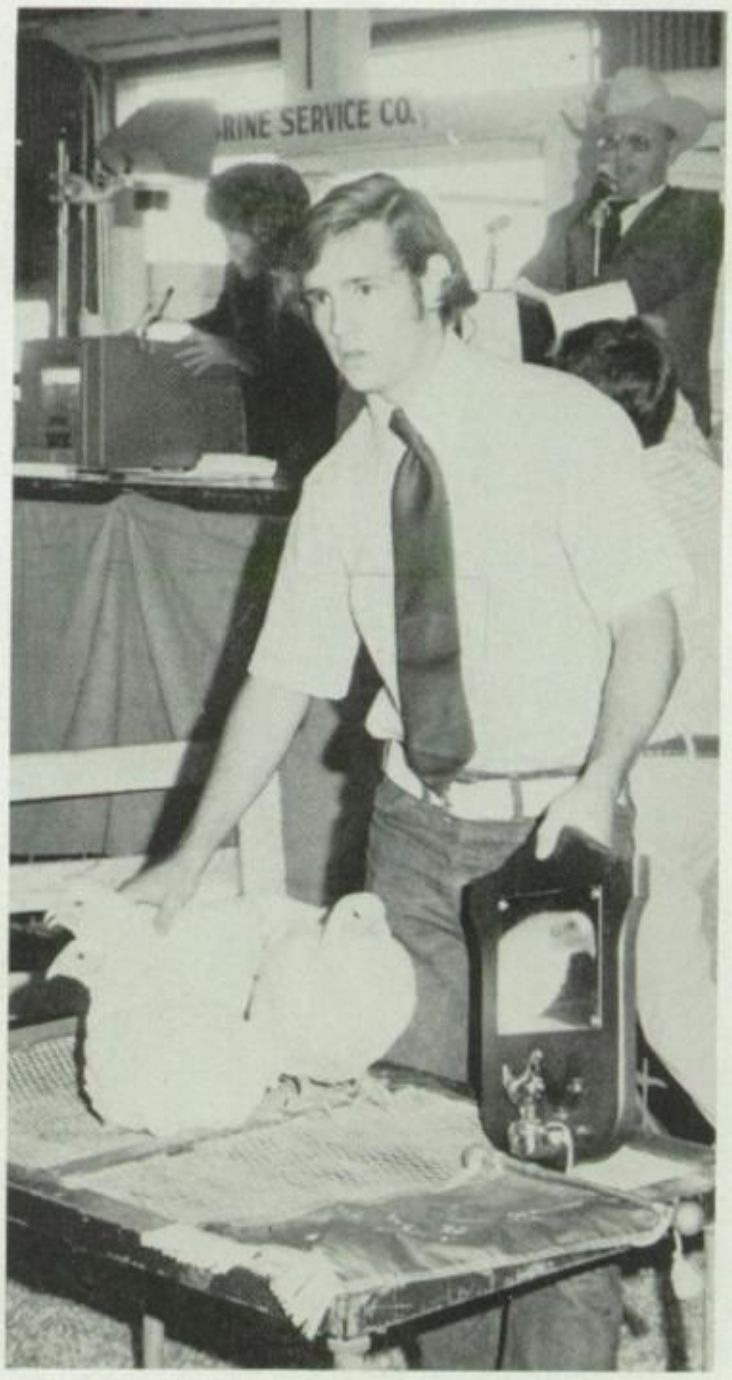
HAPPY DAY'S!

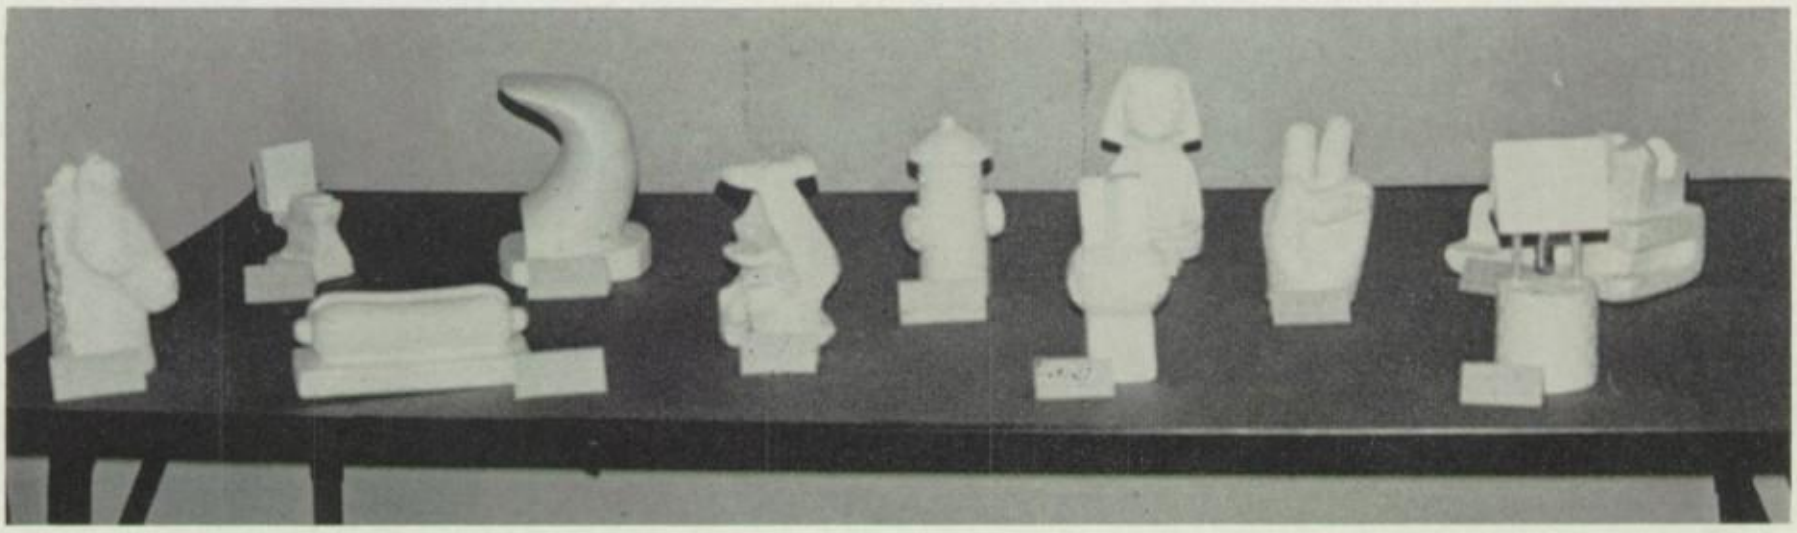
Many festivities occur during the school year at T-M. Lendal Adams, Barbara Pearson, Mark Caka, Nancy Graham, and Bob Morgan are dressed up like the 1950's. They were on their way to a Hop, which the Junior class sponsored. With the atmosphere of the Gatsby Days, Peggy McNabb was chosen as the 1974 Homecoming Queen. Ronnie Khun seems to be having a good time goofing off, but with a 9 wins and 1 loss for the football teams record, you can tell there wasn't much goofing off. John Burkhardt was Santa Claus for the children from the Beeville Home as Student Council celebrated their 20th Anniversary for having the under-privileged children. All of these events revolve around many ''Happy Days'' that we have at T-M.

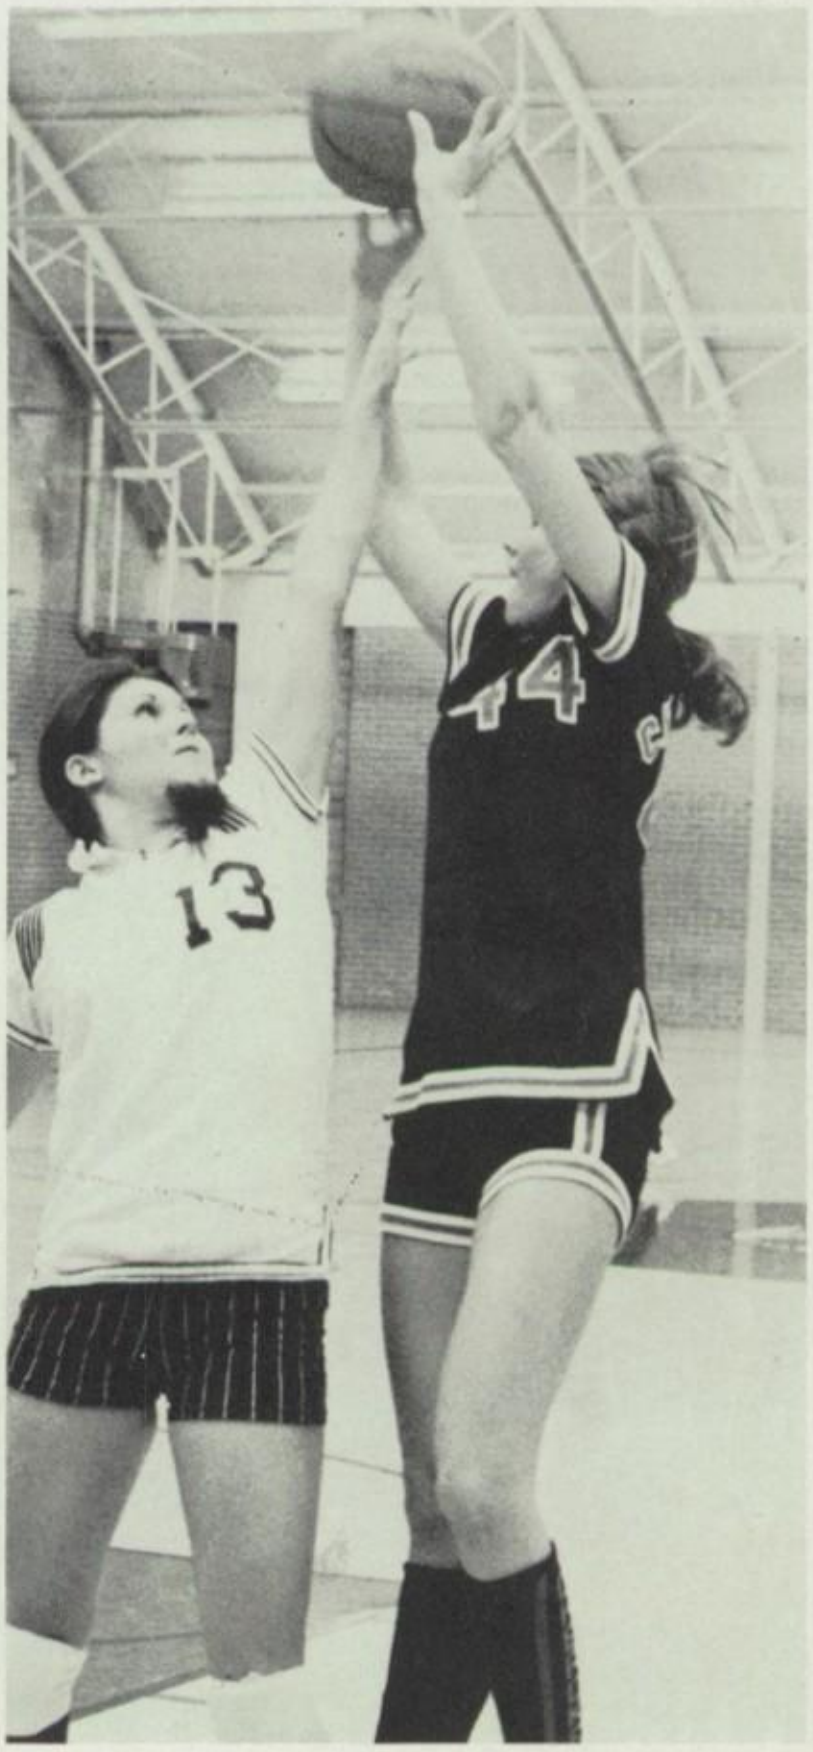


Competition is a key to "Happy Days." In school activities, competition plays a major role in accepting the results in time of victory or defeat. The pride in knowing you did your best will always be there. The school pride will never die.



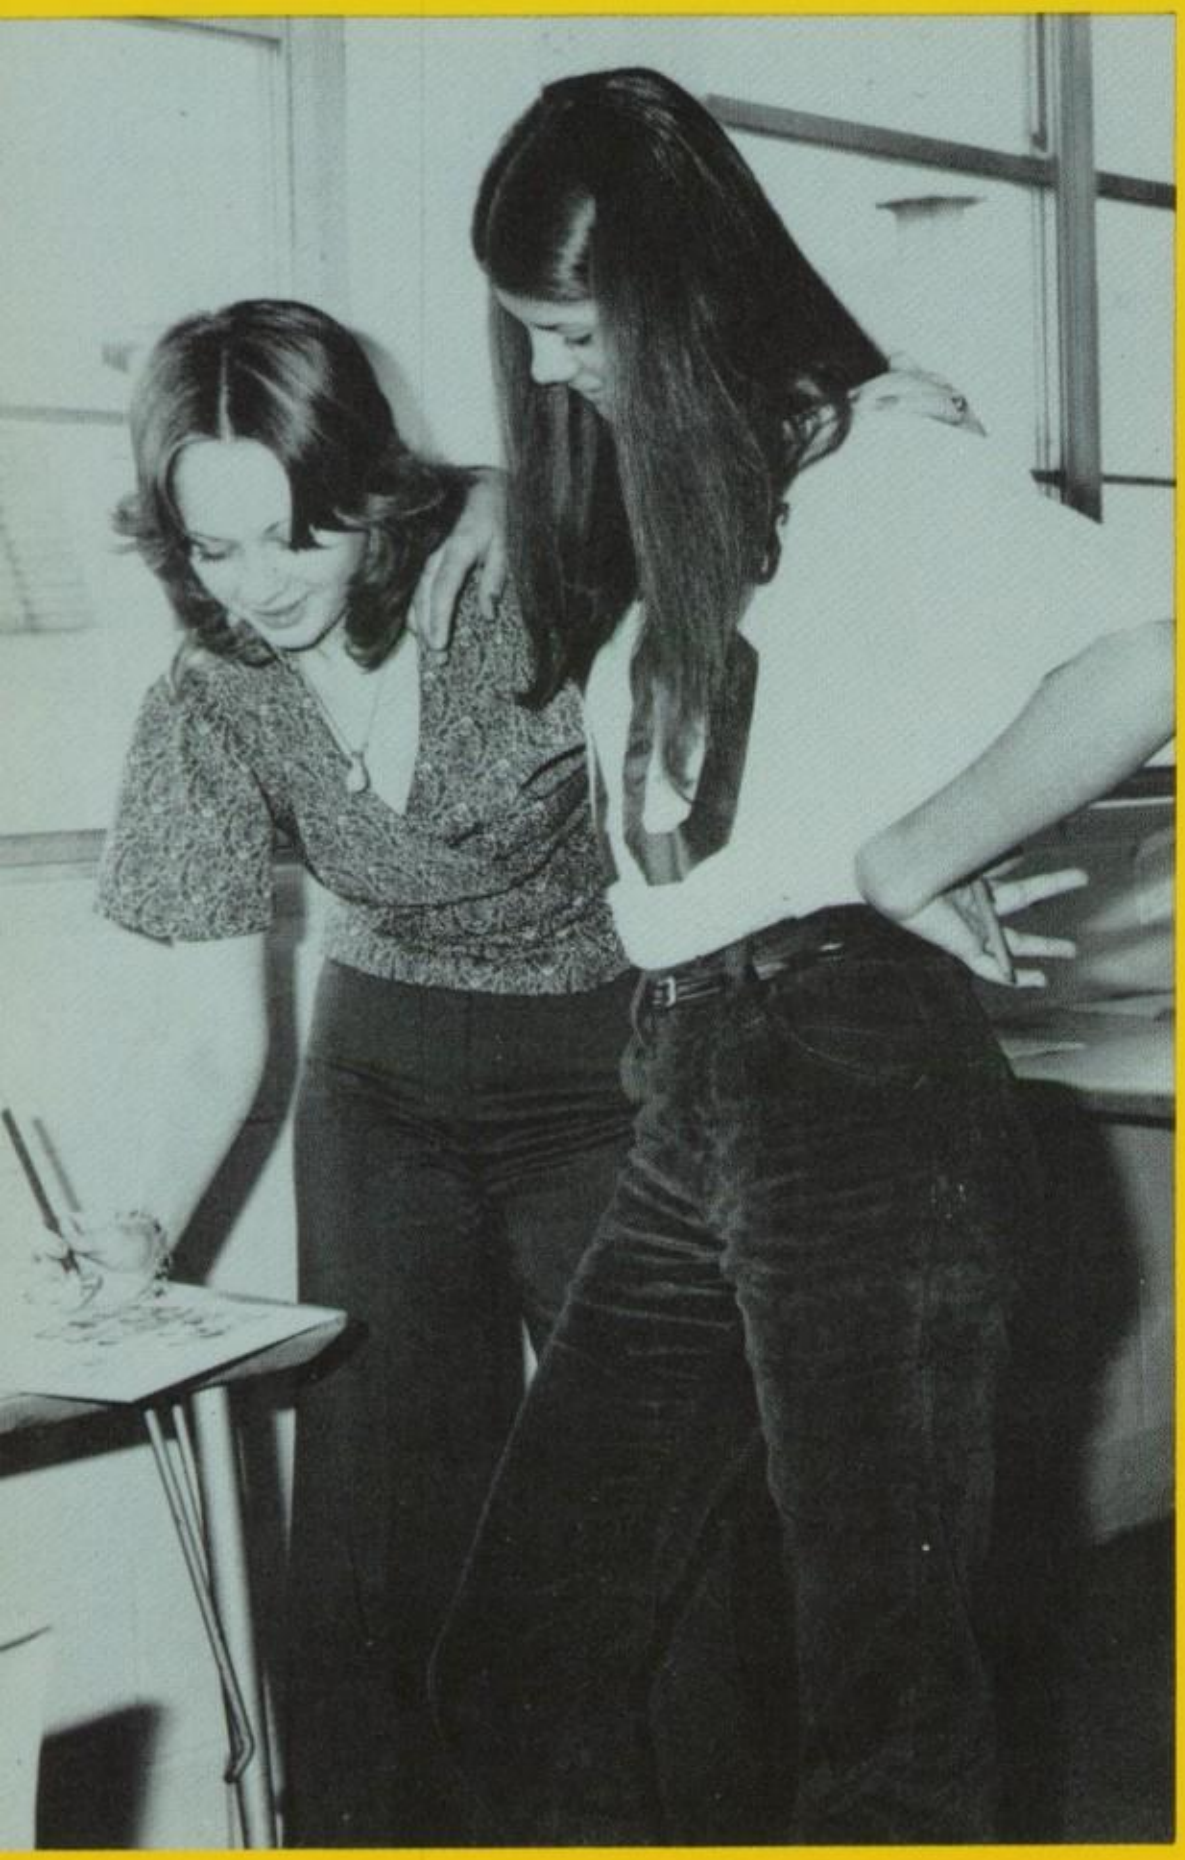


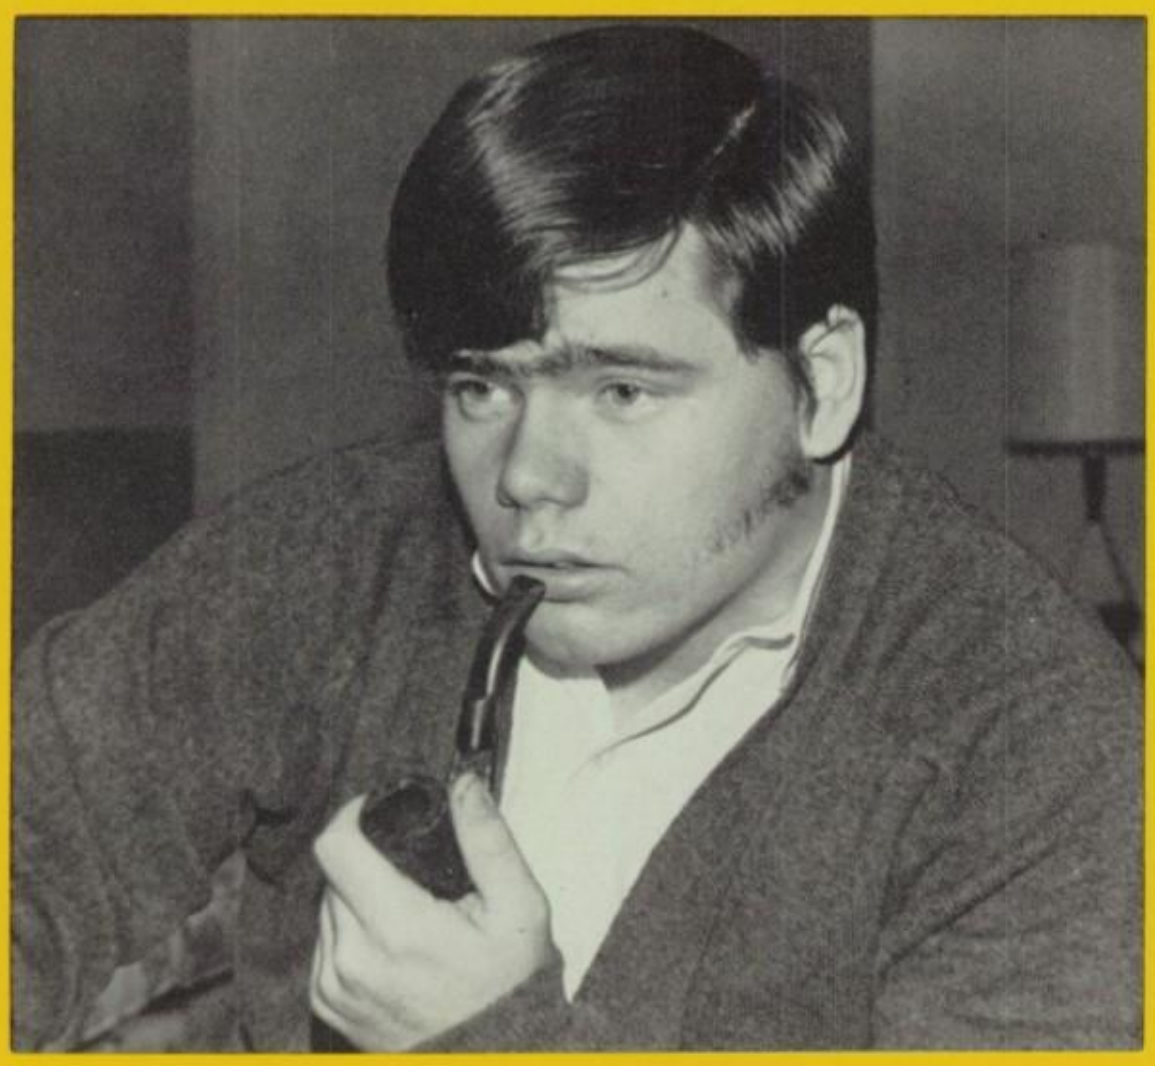




Concentration requires time and deep thought which brings about pleasant memories and "Happy Days" of the past.

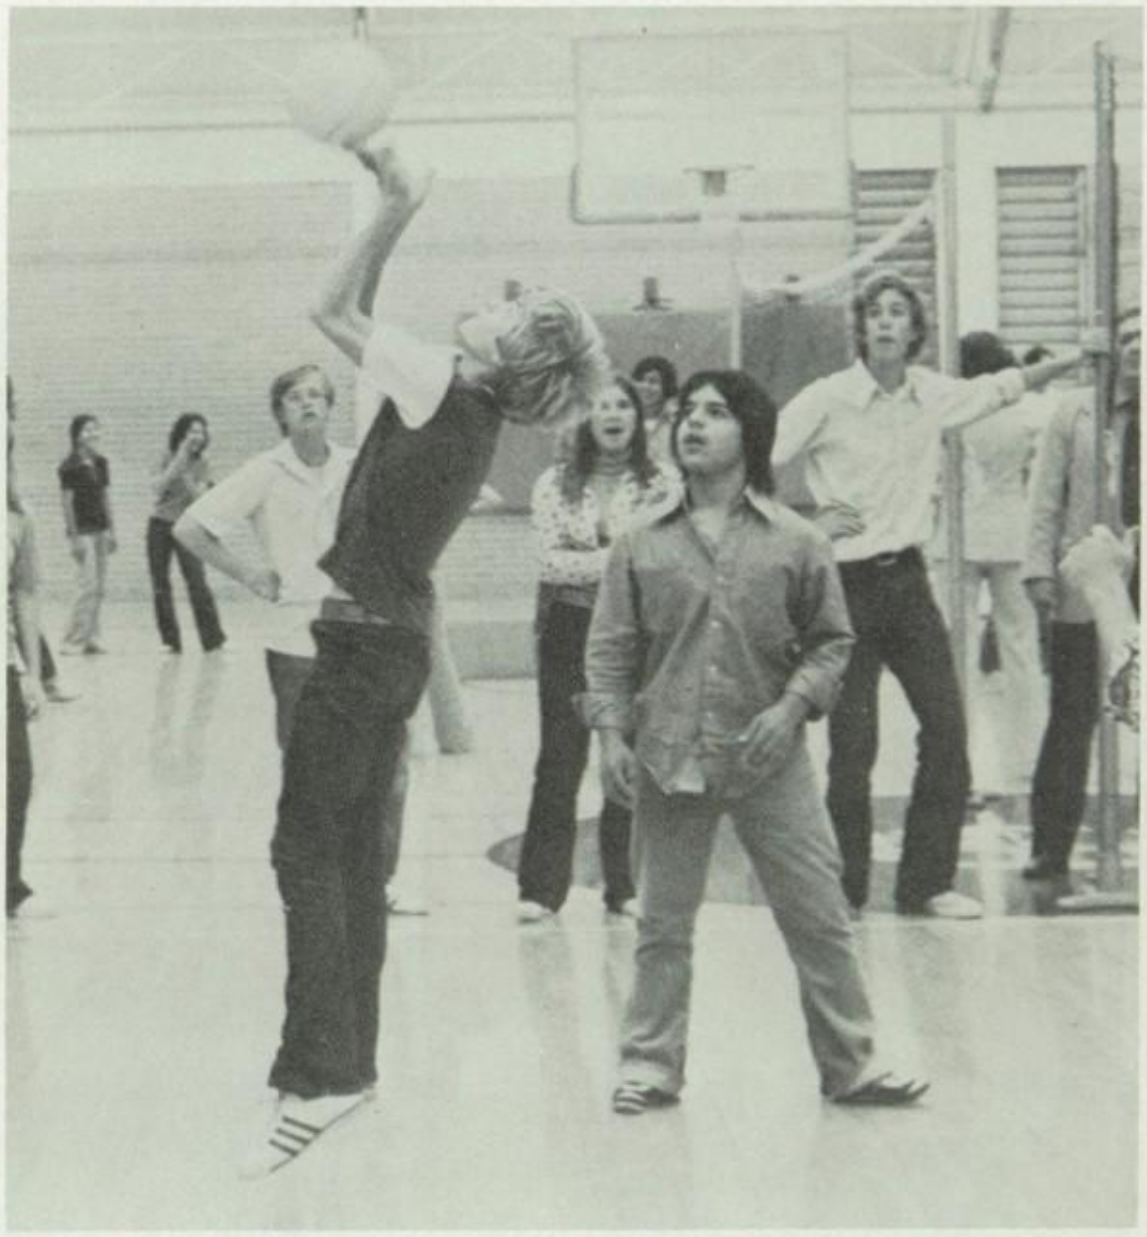
Concentration is needed for students to perform well in such activities as dramatic plays, competitive sports, and school pep rallies.

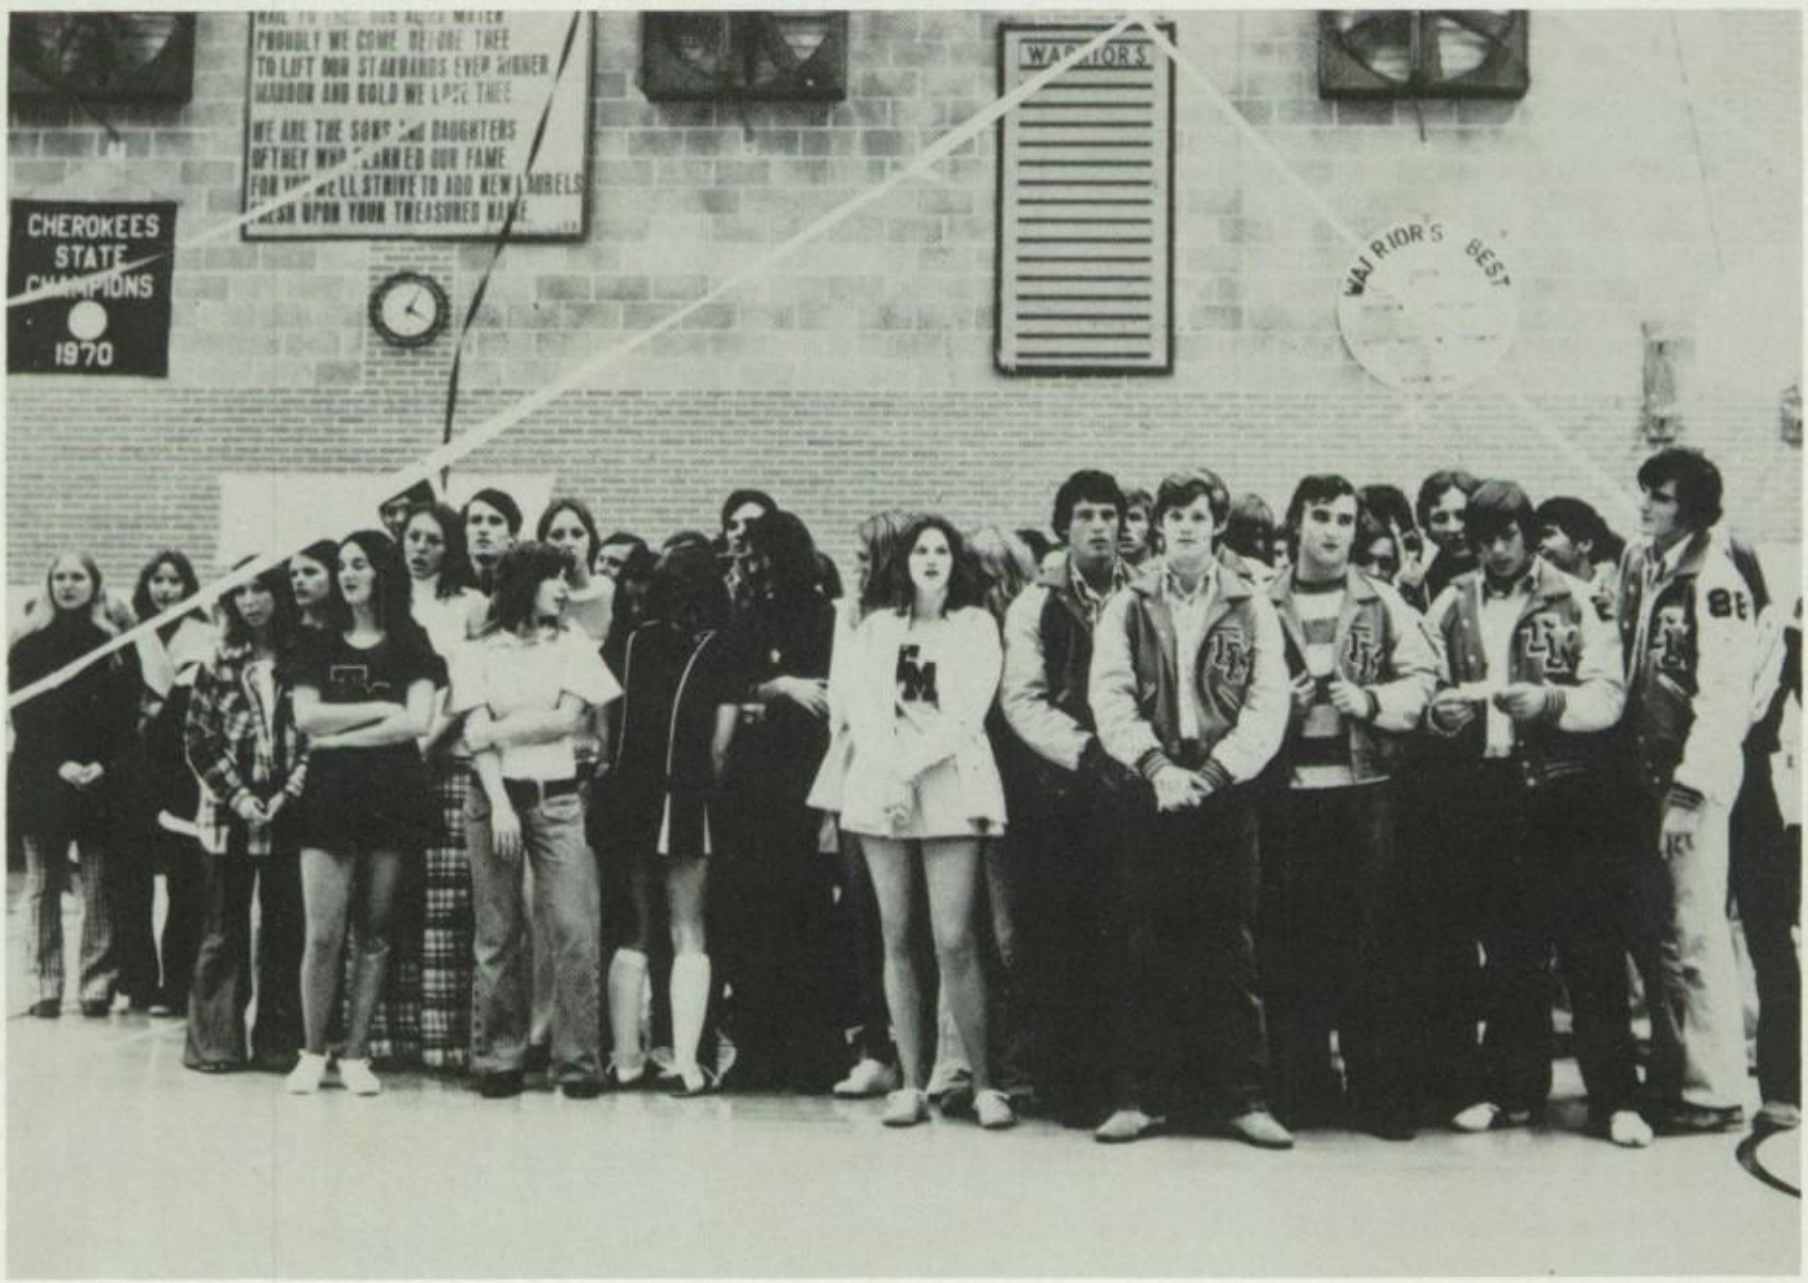




WARRIOR'S BEST

Determination is needed to achieve the established goals in life. The goals may range from a senior receiving his diploma, or a student playing an admirable game of volleyball, to a vocalist putting on a good show.





Learning is not only studying for an exam, but participating and competing in activities, which require determination and concentration. One may gain greater self-awareness and achieve goals never dreamed before while competing. Achievement is the key to happiness.

What kind of expression would you consider that on Lorinda Caka?

GRADUATION

Every year there comes the time when the realization hits the seniors that it's all over for them at good ole' T-M. Then tears come and friendships become a little closer for a small while. Then the time for jobs, college etc. comes and meeting more people. The times at T-M may be happy, sad, or really bad for some but - for all they will not be forgotten.
